# A Message From The Chairman.

FF

As I conclude another impactful year, I am deeply grateful for your unwavering support and generosity. With £362,102.10 raised, we've been able to:

£362,102.10

- Provide vital resources to widows and their families
- Offer education to underprivileged children
- Deliver clean water to remote villages
- Rebuild houses and mosques damaged by the 2022 floods

In Khyber Pakhtunkhwa, where many continue to face the aftermath of the floods, we've reached rural communities to repair damaged infrastructure and support daily life with essentials.

Our Empowering Communities project saw significant growth this year, with a 20% increase in the distribution of food carts, sewing machines, and wheelchairs.

Healthcare remains a priority, and the Captain Muazzam Ali Shaheed Welfare Trust Hospital has expanded its free medical card programme from 4,000 to 6,000 patients, helping more families access essential services. We're also planning to extend the hospital building to meet growing needs.

As we look to the future, we are motivated by the opportunities ahead to impact even more rural areas in Pakistan. Thank you for your generosity and dedication. Together, we are making a difference.

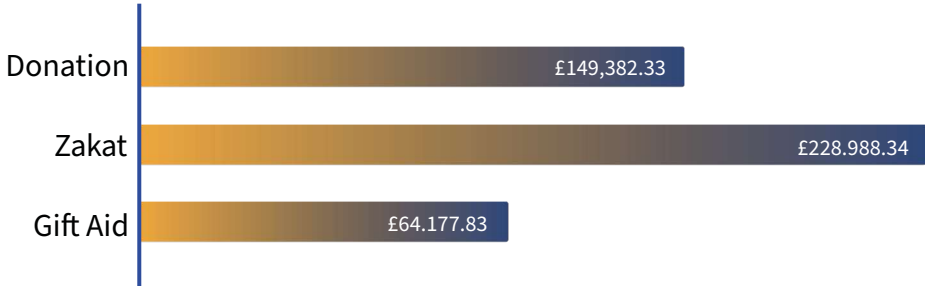

Warm regards,  
Malik Bader Saeed  
Chairperson, Muazzam Foundation

Against this backdrop, Muazzam Hospital is a beacon of hope, ensuring that no one is left without essential medical attention.

**200+** Free  
Cataract Surgeries  
Performed

Cataracts are a significant issue in Pakistan, causing vision impairment or blindness for many individuals, especially those from lower-income backgrounds who cannot afford treatment.

To address this, the Muazzam Foundation held its 7th Annual FREE Eye Camp on 2nd and 3rd December 2023 at Muazzam Hospital in Jhelum.

Supported by a team of expert eye specialists from Al-Shifa Eye Trust Hospital, Rawalpindi, the camp restored sight and independence to many, alleviating a critical need for the community.

For the upcoming year, the goal is to conduct an additional 200+ cataract operations, further expanding the reach and effectiveness of this vital service.

**“** Before the surgery, I struggled to see even the faces of my loved ones. The cloudiness in my vision made everyday tasks difficult and frustrating. Thanks to the free eye camp organised by the Muazzam Foundation, I can now see clearly again. I am incredibly grateful for this chance to regain my sight and live my life with a renewed sense of independence and joy.”

# Medical Financial Aid

Total Aid Provided:

**£4,445.00**

At Captain Muazzam Ali Shaheed Welfare Hospital, we are committed to ensuring patients receive the treatment they need, even if it means referring them to external hospitals and covering the associated costs.

## 2023-24 Impact

2 cancer patients supported with comprehensive care, including:

- Chemotherapy
- Routine check-ups
- Medications

Patient Treatment Costs:

- Patient 1: Rs 3,002,394
- Patient 2: Rs 1,530,080

One of the patients, a 40-year-old and the sole provider for his family, was battling severe health conditions. Despite receiving treatment, he sadly passed away in January 2024. In response to this tragedy, the Foundation now provides financial assistance to his family:

- **Monthly Stipend:** Rs 38,000 for his wife and three children

This support offers much-needed stability during an incredibly difficult time, reaffirming our commitment to standing by those in need.

# Water Projects

**Total Donated Funds:**

**£13,431.91**

**Hand Pumps & Solar: £5,087**

Access to clean water is a fundamental human right, yet many communities in Pakistan face severe water scarcity and sanitation challenges. Contaminated water sources in Sindh lead to widespread illnesses like cholera, dysentery, and hepatitis, disproportionately affecting children and the elderly. Poor sanitation also exacerbates malnutrition and food safety issues.

The Muazzam Foundation is addressing these challenges with sustainable solutions to improve access to clean water and sanitation facilities.

These efforts not only meet immediate water needs but also build a foundation for better health, economic growth, and well-being in vulnerable communities. With your support, we have significantly reduced waterborne diseases, improved public health, and enhanced food safety and hygiene standards.

### **3 Solar Plants in Sindh:**

Installed for sustainable energy, powering water pumps and purification systems, reducing reliance on grid and diesel power

### **66 Handpumps:**

Serving residential and commercial needs, enhancing water access in areas without conventional water supply infrastructure.

### **Water Coolers and**

### **Filtration Plants:**

Set up in Mardan and Sindh, providing communities with clean, safe drinking water

**2 Water Tankers Daily:**

**Households Reached:**

## Daily Water Tankers in Parachinar: £7,598

In Parachinar, a remote mountainous region in Pakistan, residents face a profound struggle to access clean water, hindered by their isolation and the lack of basic infrastructure. Many families are forced to trek nearly a mile on foot and with donkeys to reach the nearest water source, which is often contaminated and insufficient for their needs.

# Food Projects

**Total Donated Funds:**

Food is not only a necessity but also a source of comfort and healing. Through its **Food Projects**, the Muazzam Foundation addresses the nutritional needs of vulnerable communities, ensuring that those in need receive sustenance and support.

The provision of healthy, hygienic meals not only supports patients' physical recovery but also enhances their overall comfort during hospital stays.

## Qurbani

Food insecurity remains a significant challenge in Pakistan and India, leaving many families with limited access to nutritious meals. During Eid-ul-Adha, the Muazzam Foundation carried out Qurbani on behalf of donors.

Following this, Muazzam Foundation undertook the crucial task of distributing the meat among the most deprived and deserving families across India and Pakistan. Our distribution efforts were focused on reaching communities where access to nutritious food is limited, thereby addressing a critical gap in their diets.

We distributed over 2,100 food packs, each carefully assembled with essential staples like flour, sugar, lentils, chickpeas, vermicelli, and oil. # Housing Project

The devastating floods of 2022 caused widespread destruction across Pakistan, particularly in Sindh and Khyber Pakhtunkhwa (KPK). Thousands of families were left homeless, with severely damaged infrastructure and heightened poverty levels. In response, the Muazzam Foundation launched its Housing Project to provide relief and rebuild lives in some of the most severely impacted regions.

These homes provide more than just shelter—they restore dignity and security, allowing families to focus on rebuilding their lives rather than struggling with inadequate living conditions.

The Muazzam Foundation's Housing Project has been a lifeline for flood-affected families, with the construction of 11 homes marking a meaningful step towards recovery. Continued support is crucial to extend this impact, helping more families rebuild their lives and achieve long-term stability.

**Total Donated Funds:**

# Masjid Projects

**Total Donated Funds:**  
**£101,322.41**

 **6** New  
Masjids

In Islam, a masjid is more than a place of worship—it is a cornerstone of spiritual, educational, and social life within the community. Unfortunately, many communities in Pakistan lack access to functional masjids, with some forced to use damaged or neglected facilities. This limits their ability to worship, learn, and participate in communal activities, highlighting the urgent need for improved religious infrastructure.

The Muazzam Foundation is committed to addressing this challenge by building new masjids and restoring neglected ones. In 2023-24, the Foundation constructed six new masjids and renovated multiple others, providing critical support to underserved and remote communities.

## Widow Support

Widowhood is a deeply challenging experience, particularly in Pakistan, where government support is minimal, and many are left to manage household responsibilities alone. Caring for orphans is a profound responsibility, ensuring they receive the love, support, and opportunities they need to thrive.

Recognising this, the Muazzam Foundation, through the **Fareeda Bashir Trust**, is dedicated to transforming the lives of orphans by meeting their essential needs and nurturing their growth.

In partnership with the Fareeda Bashir Trust, the Muazzam Foundation sponsored the care and education of **15 orphans**, providing:

# Meet The Team

All praise belongs to Allah. As we wrap up another remarkable year, I want to reflect on our collective journey.

This year has brought growth, challenges, and significant achievements. Together, we've delivered impactful projects in Punjab and Khyber Pakhtunkhwa, Pakistan. Despite hurdles, overcoming them has showcased our strength and resilience.

I am filled with optimism for the year ahead. With our team's dedication and your continued support, we are poised to achieve even greater heights.

JazakAllah Khair for keeping us and the deprived communities of Pakistan in your thoughts.

— *Yasir Khan*  
*Project Manager*

This year's highlight was the opening of the Multi-Skill Hub Center, a critical achievement made possible through your generous donations.

Every contribution, big or small, has been vital to our success. Your support has allowed us to advance our mission of combating poverty through projects focused on clean water, education, community

empowerment, medical care, and widow family support.

Despite challenges, the dedication of our donors, team, volunteers, and partners ensured aid reached rural communities, bringing hope and positive change to those in need.

*Vice Trustee*

It has been a great honour to serve as the Finance Head of the Muazzam Foundation for the past year. My experience working with this dedicated team has been truly rewarding, as we strive together for the welfare and upliftment of those in need.

One of the key principles that guides my work is transparency. We have meticulously maintained records and ensured that every

donation and fund entrusted to us is utilised for the noble cause of human welfare.

It gives me immense pride to be part of an organisation that is committed to making a real difference in the lives of so many deserving individuals.

— *Abid Murtaza Malik*  
*Finance Manager*

Allahumdulilah, as we conclude another successful year at Muazzam Foundation, I am both humbled and inspired by the incredible achievements we have accomplished together.

We are continuously striving to find new ways to enhance our impact and better serve our community. Thank you for your generosity, your trust, and your partnership.

We are not always in need of financial support; you can get involved by being part of our team of volunteers. Feel free to contact us if you would be interested; a stronger team of volunteers gives a better impact.

— *Shakeel Malik*  
*Trustee*

I am immensely proud of the progress and achievements we have made together. This year, we have expanded our projects, reached new milestones, and positively impacted rural communities.

Together, we have provided daily essentials to widow's families and delivered clean water through

tankers to communities with no access to water and uniforms to the vulnerable.

By the grace of Allah and your generosity, we will strive to fulfil our missions and make a real difference in the lives of those we serve.
